Lorena,

Whorena, only kidding gal. Always remember the good times we've had, riding around town, the parties down at Freddie's Palace. Remember that time when we were all drinkin' up in the loft. And then Freddie came up, and you hurt yourself coming down! It was really funny. Well, I hope we have a million more good times. I don't think we've had many bad times, except if you count the concert we never made it too. Never know when I'm gonna get grounded! Well best of luck with college or a model, or whatever you do. And good luck with Chuck, & Jim, etc. I'll never forget how desparately in love you were with Bette and then the next day you say you hate him. That's the best way to be free.

Best of luck in everything

And wish you luck with Chuck

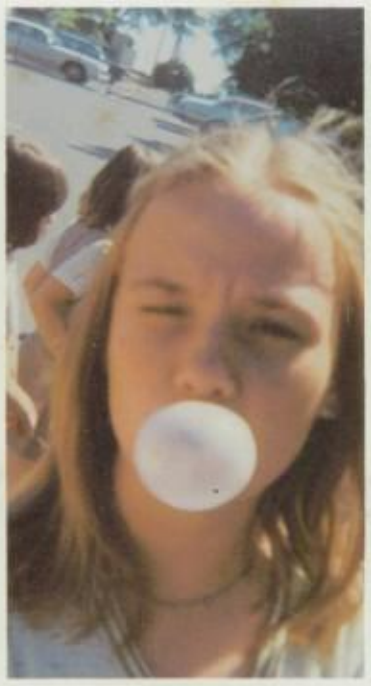
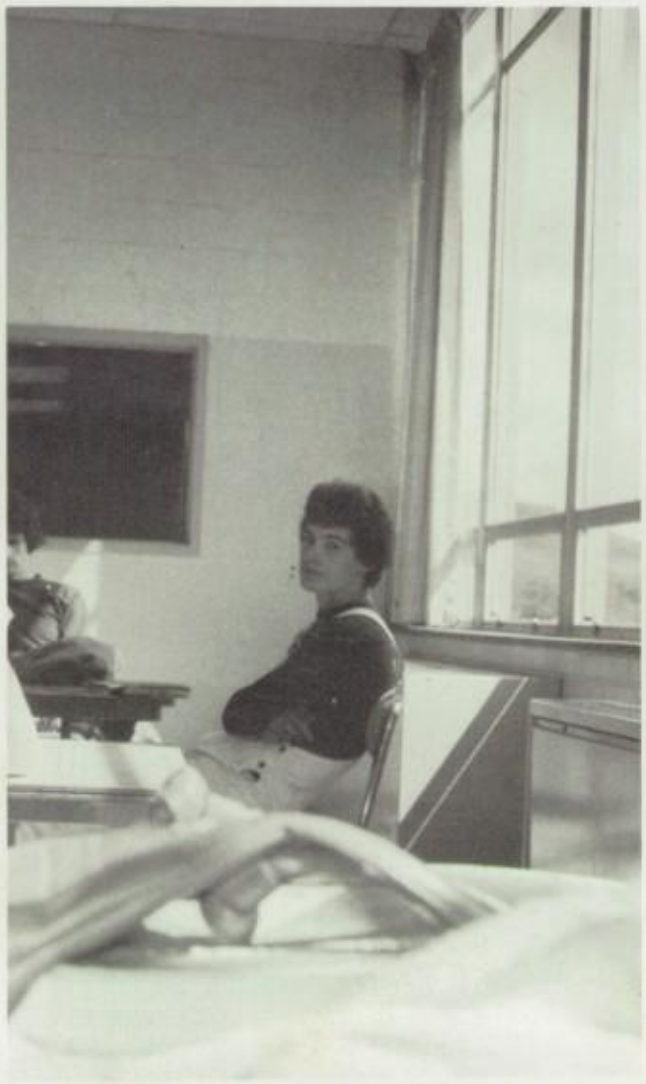
Reflections of Tamaqua High
a place for education and fun
as we sign these yearbooks
we reminisce on all we've done.



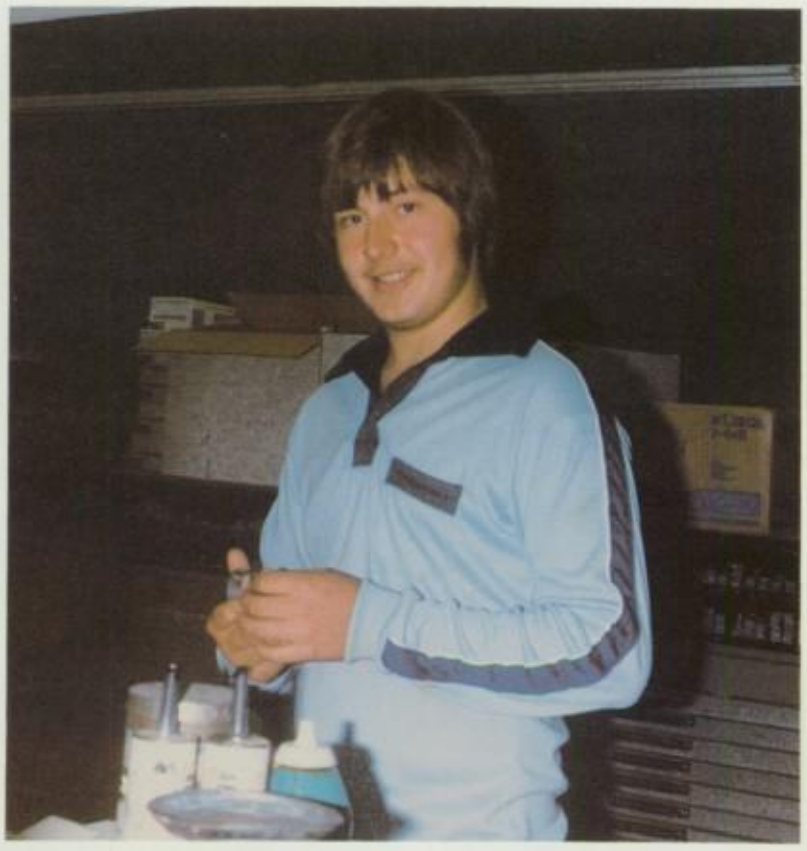
Everyone of us should dream
it hitches the soul to a star
remembering all the happiness
that life has brought this far.

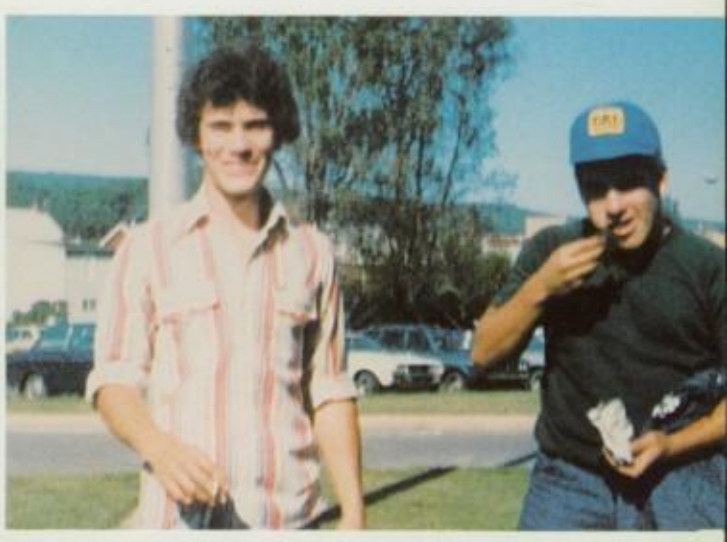


Following our dreams, hopes, and plans
we all will succeed in life
by getting up when we've fallen down
and coping with troubles and strife.

Looking back on all our memories
so many to count and then some
these are the days for reflection
and a mirror of all we will become.

**Ever too soon we'll turn from the past
with pride and congratulations
then we'll turn towards the future
with fondest expectations.**



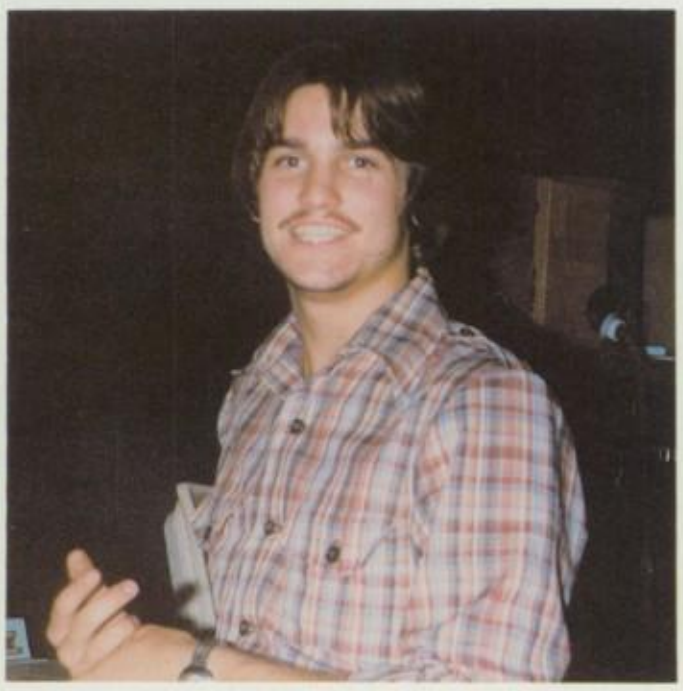


Choosing our courses, friends, and activities
responsibilities we have obtained
taking with us always
all which we have gained.

**The main goal in our lives is to live
and do our best each day
trying to succeed in life
while going our separate ways.**

If we can do this when all is against us
trying even harder still
if when people have practically convinced us
"you can't" we try harder and say "I will".

**On that final day of endings
it will open wide the door
of all life's opportunities
that we've been waiting for.**



Now it's time to leave this school
every eye holds a tear
also a lot of memories
of all that's happened here.

Success . . . what is it . . .
who has accomplished this goal so fine . . .
who will succeed in future years . . .
that one special class from THS.

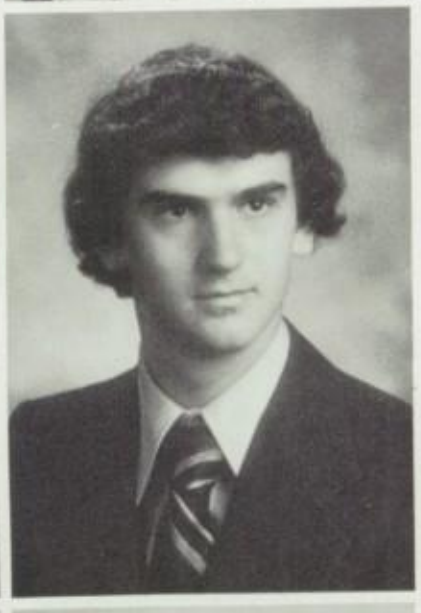
I'll always remember the true friends I've found here in Tamaqua High.

BRAD WALTON
The thing I remember most about high school is every Friday at 2:30 and the two times Nick and I knocked off-and both times I wrecked my car. All in all high school was a total "Rush".

BRENDA WHER
I'll remember the friends I had classes with and the times we all shared together.

JULIA WARCHOLAK
What I remember most from High School are "States", Florida, parties, and all the people I met through out the years.



ROBERT WENTZ
I guess there wasn't any one outstanding moment. The four years as a whole was a great experience.

RICHARD WEAVER
What I remember most in high school is standing on the corner before school, lunch in the cafeteria, and all the studying it took to graduate.

WILLIAM WENZEL
Remembers . . . . . boys swimming, Vo-Tech, bowling, and swim practice with the Girls' team.

ANDREW WHAH
I will never forget all the fun I had at the football games-and the rumbles and parties after them. Most of all I won't forget the new friends I met. School was all right up to my senior year, then they put all the restrictions on us and I hated it.

LYNN WILLIAMS
Things I'll remember and look back on from my high school years are . . . . . all the good times I've had with my friends and family, the cold football games, the great dances, my surprise party; and, of course, my classes are memories that will stay with me always.

BEVERLY YOST
The things I'll remember most from high school are the football and basketball games, Pep Club, Tri-Hi-Y, yearbook, stage crew, Shorthand, and most of all, my friends.

CARLA YANOSHIK
Remembers . . . getting locked in the boys' locker room, laughing for no apparent reason and eating peas, parties, South Tamaqua, and most of all, her friends.

RONALD YURCHAK
Remembers . . . climbing up on television stand in study hall, turning water on in Rhodes' class, and visiting Mr. "K" on a regular basis.

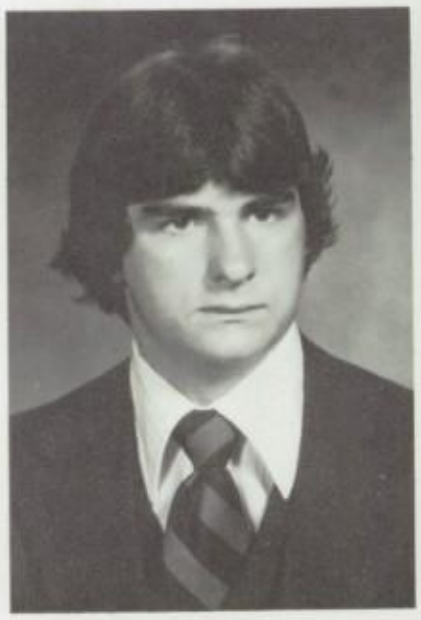
LISA YEAKEL
The thing I remember most about high school is geometry. Oh, how I dreaded going into the classroom first period every morning. I'd go in with a belly ache and come out with a headache.

DAVID ZEIGLER
The best thing I remember about school is the many days we took off.

MARGARET YELITO
Remembers . . . riding around in the P.P. Movele with our friend G.O., having a little semisay before and after each summer softball game, never forgetting 9th period German class and singing "Hotel", Bobby and Mouse, Mouse, Mouse.

LISA ZELLNER
Remembers 9th period German class with Maries' fit, orange juice in the fireplace, a fun night after States, Hershey, a party that turned into a nightmare, not going to see "Our Town", Beer Shampoo, and all the friends I've had.

WILLIAM DONALD
I remember playing Tamaqua football and baseball and discovering new firends.



DONNA ZIMMERMAN
I will always remember States, Florida, Beer Shampoo, parties, friends, summer "78", Zelda and Swensa, Chaka, roaring, camping, clever glances, and my entire four years.

KEITH ZIMMERMAN
Remembers times shared with friends, football games and milkshake blocks, Mr. Freeds' crapbird blocks, and good old slick.

RICHARD ZUKOVICH
I remember a number every morning, the Devils Hole chase, a great senior party ruined, the punch at Posties' party . . . . Oh My!, a very good lesson from a puppy, goin' for breakfast, and Lynyrd Skynyrd- the best band ever.

I love to think of my little children whom God has called to himself as away at school; at the best school in the universe, under the best teachers, learning the best things, in the best possible manner.

Boussuet

We all remember the day so well October 10, 1975 Either we heard it on the radio or from classmates in homeroom. Cheryl was in a car accident. No one knew the details but they really weren't that important. What was important was that Cheryl Nice, a member of our class, had been hurt. A few days later Cheryl died.

Death is not an enemy of life but it is rather a friend because through our experiences of death, we realize how precious life really is.

No one knew why it had to be her. But now, looking back after four years, we, the Tamaqua Area Class of 1979, dedicate this yearbook to Cheryl Nice, whom we will always remember and keep in our prayers.
